Looking back on everything
Wouldn't change a thing,
No chance, you see,
You were made for me,
Undoubtedly

Look at what we've done
Look at what we've done, baby
Got a special love,
Like in the movies,
Got me writing songs
You know you move me

Caught up in the now
Right here right now
Us right now

This is us
Making memories
Singing melody's
Of longing laughter
Oh, up 'til the middle of the night,
Talking 'bout nothing 'til the morning after.
Oh, this is, this is
This is us.
This is, this is us.

Looking back on all we've done
Growing up in mistakes,
Battles won
Trying out a romance,
And all that fun
We were always swimming fast
Never sleeping, having fun

I'd say that I always knew
I loved you
Like I'd let that go to waste
I'd show you
Anything that I could do
To show you, show you.

This is us
Making memories
Singing melody's
Of longing laughter
Oh, up 'til the middle of the night,
Talking 'bout nothing 'til the morning after.
Oh, this is, this is
This is us.
This is, this is us.

Oh oh oh oh oh oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh oh oh oh oh

This is us
Making memories
Singing melody's
Of longing laughter
Oh, up 'til the middle of the night,
Talking 'bout nothing 'til the morning after.
Oh, this is, this is
This is us.
This is, this is us.

Oh oh oh oh oh oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh oh oh oh oh oh

This is us.
