I've heard so many words  
But I have no courage  
Now we're saying goodbye  
Don't want to miss you tonight  
Oh, tell me it's not over now  
I can change your mind somehow  
I, I give it all  
I trip and fall for you  
And I hope you wouldn't mind  
Just one more try for something new  
I need you, I need you  
Don't be shocked if I cry  
You've changed me inside  
I turned my back on you  
You were the only reason I pulled through  
I pulled through  
Tell me it's not over now  
I can change your mind somehow  
My head feels so heavy  
My heart is so empty  
I, I give it all  
I trip and fall  
I trip and fall  
I trip and fall  
I, I give it all  
I trip and fall for you  
And I hope you wouldn't mind  
Just one more try  
Just one more try for something new  
I need you  
I need you
