The morning's here and we're still caught up in the
night.

The sky was clear
And everything felt right

Our time is short but
I'm sure I'll see you soon.
We'll take another walk along the bridge and
underneath the moon.

What a find, if I could I'd hit rewind
And replay all the moments
That I wished I could've called you mine.

And tonight I pray,
Light a way, (all my love)
Light a way, (from above)
Shine it down,
Lead me home
Back to him.

A night away and we've got a few to go.
And I've mastered the art of missing and my smile.
Life's a glow that you showed me
How to shine, that very night we were in twined
Oh god how I wish you were mine.

And tonight I pray,
Light a way, (all my love)
Light a way, (from above)
Shine it down,
Lead me home,
Back to him

Bring me back to him
Now I lay me down to sleep
I pray my heart you chose to keep
And if I die before I wake
All of me is yours to take
If I don't see you again
It'd take all I have within

Maybe I'll just stay awake
I think I'll just stay awake

Light a way, (all my love)
Light a way, (from above)
Shine it down
Lead me home,

Light a way, (all my love)
Light a way, (from above)
Shine it down
Lead me home
