Where do I begin?  
I'm ready now.  
Glad I was fit in.  
Running round my head  
What did I do wrong?  
Tell me it's my fault  
You didn't lead me on, well that's good to know  
Get your lips off of me, I'm not okay with this.  
So long now I was betrayed with a kiss  
I'm done.  
I'm done.  
I'm done.  
You won this time.

Set my pride to the side  
Tear me open look inside  
Just to see how many times you've really made these  
eyes cry.  
Oh... Oh...  
I let you in and gave you pieces  
I'm quick to stumble pain increases.  
Oh there's a hole  
That lingers deep inside my body, I fall too fast no one  
can stop me, no.

So what I wanna love?  
Why's it hurt so bad?  
I'd say it's like a drug, but I don't feel the high  
My heart is about to break for the final time.  
All I do is ache, and I can't find some piece of mind.  
Break it off, god he know I'm trying  
Shake it off, no more crying.  
I'm done, I'm done, I'm done.  
You won't win this time.

Set my pride to the side  
Tear me open look inside  
Just to see how many times you've really made these  
eyes cry.  
Oh... Oh...  
I let you in and gave you pieces.

I'm quick to stumble pain increases.  
Oh there's a hole  
That lingers deep inside my body, I fall too fast no one  
can stop me, now.

Why do we always have to go?  
I'm making a scene let's start the show  
Every part of me that's been torn down  
I'm sick of being hush hush I'm going to make a sound.  
A Sound  
Hey...  
Yeah

Oh... Oh...  
I let you in and gave you pieces.  
I'm quick to stumble pain increases.  
Oh there's a hole  
That lingers deep inside my body, I fall too fast no one  
can stop me, no
