Who will take the blame or  
who will pay the price for  
teaching what is false  
in the sight of God

You can be a leader  
preaching of a heathen  
God without the dull side  
of judging us

Don't let the devil rest  
do the things you do best  
make sure that God  
will be glorified

such things will in you grow  
no one can overthrow  
ask that in God  
you'd be satisfied

The battle of God  
needs the strongest of hands  
The bravest is he who  
declares where he stands  
So come all ye faithful,  
you heroes of God  
Die to the world,  
be alive in Christ

Who will take the blame or  
take the money raised for  
those who do not have daily  
bread today

Heaven is for sale in  
this life but in the next those  
first will be the last like  
the Gospels say

You don't bother to resist  
temptation, any beast

mercy will cover  
all things you've done

Your tree will not carry fruit  
it's dying at the root  
while there are plenty  
of things to do

The battle of God  
needs the strongest of hands  
The bravest is he who  
declares where he stands  
So come all ye faithful,  
you heroes of God  
Die to the world,

You cannot make it without God

Turn to Him in all your want

He forgives you everything

Gives a brand new beginning

The battle of God  
needs the strongest of hands  
The bravest is he who  
declares where he stands  
So come all ye faithful,  
you heroes of God  
Die to the world,  
be alive in Christ
