Is there a place that we can go to teach the children not
to grow?

Where lovers don't remember where they met
And heartbreak is easy to forget?

Is there no love to speak of?
Is there no love to speak of?

I'm looking for a place, lookin' for a place
I gotta find a new place to call home
I'm looking for a place, lookin' for a place
I gotta find a new place to call home

There has to be a closer country where love can live
near me
And I've got to find it because right now, I'm not seeing
clearly
There is someone knocking on my door, no one lives
here anymore
There is someone knocking on my door, no one lives
here anymore

Don't I know you?
You've got to believe me, we met yesterday
Don't I know you?
I don't believe her, this bar is closing

Don't I know you?
[Incomprehensible]
Don't I know you?
I've got to get out, I've got to get out
I don't live here anymore

Is there no love to speak of?
Is there no love to speak of?

I'm looking for a place, lookin' for a place
I gotta find a new place to call home
I'm looking for a place, lookin' for a place
I gotta find a new place to call home

Is there a place that we can go to teach the children not

to grow?

Where lovers can't even remember where they met
And heartbreak is so easy to forget?

There has to be a closer country where love can live
near me

Well, I've got to find it because right now, I'm not
seeing clearly

There is someone knocking on my door, no one lives
here anymore

There is someone knocking on my door, no one lives
here anymore

There is no love
