Imagine the surprise  
When we finally let him know  
He has the devil's eyes  
And that's unhealable  
In between mean shadows

Sit back, relax  
Let your mind float  
Forget your worries, all your troubles  
Let them free now let them go  
And in no time you'll be haunted by my words  
And in no time you'll be stoned like two dead birds

And you know I am all you need  
Climbing to the top of your family tree  
And I'll be there everyday  
So kick and scream if you feel better  
But you'll never get away

You're gonna be surprised but I've got to let you know  
You've got the devil's eyes  
Now you're casting out his shadow

Sit back, relax  
Enjoy the show  
Why you rushing?  
What's your hurry?  
You ain't got nowhere to go  
Just focus on the sound of my voice  
You ain't buying hocus pocus  
I ain't selling you no choice

And you know I am all you need  
I'm climbing to the top of your family tree  
And I'll be there everyday  
So kick and scream if you feel better  
But you'll never get away

Don't you turn out the light  
Don't plan on shutting my eye  
Don't you turn out the light

Some things go bump in the night  
Afraid of my shadow  
Afraid of my shadow
