Just as light pours in the room
I saw it once
It disappeared
And so did you
The morning after I will kiss you ghost
And let go

"I felt safe" -do-do-do-do-do
And she's been singing out of tune
Just then I'm "Flying to the Moon"
I don't know where
I don't know when but
Someone's gonna give me in

It's my first time writing you
I pray that you can understand me
Hallelu-
The Mourning after I'm stuck in your throat
So let go

"I felt safe" -do-do-do-do-do
And she's been singing out of tune
Just then I'm "Flying to the Moon"
I don't know where
I don't know when but
Someone's gonna give me in

I left my mouth wide open
Reminds me of you choking
I never saw the horses
When they lined beside your bed
I never saw the officers
But heard what they said

You know, I can't seem to breathe when you're here
