Where do I begin  
I'm ready now  
Let out what's been in  
Running around my head  
What did I do wrong  
Tell me it's my fault  
You didn't lead me on  
Well that's good to know

Get your lips off me  
I'm not okay with this  
So long love  
I was betrayed with a kiss  
I'm done, I'm done, I'm done  
You won this time

Slip my pride, to the side  
Tear me open, look inside  
Just to see how many times  
You really made these eyes cry  
Ohh, ohh

I let you in  
And gave you pieces  
I'm quick to stumble  
Pain increases  
Ohh, there's a hole  
That lingers deep inside my body  
I fall too fast, no one can stop me  
No

So what, I wanna love  
Why does it hurt so bad  
I'd say it's like a drug  
But I don't feel the high  
My heart's about to break  
For the final time  
All I do is ache  
And I can't find some peace of mind

Break it off  
God, he knows I'm trying

Shake it off  
No more crying  
I'm done, I'm done, I'm done  
You won't win this time

Slip my pride, to the side  
Tear me open, look inside  
Just to see how many times  
You really made these eyes cry

Ohh, ohh  
I let you in  
And gave you pieces  
I'm quick to stumble  
Pain increases  
Ohh, there's a hole  
That lingers deep inside my body  
I fall too fast, no one can stop me  
Now

Why do I always have to go, go  
I'm making a scene let's start the show, show  
Every part of me has been torn down  
I'm sick of being hush hush  
I'm gonna make a sound  
A sound, hey, yeah

Ohh, ohh  
I let you in  
And gave you pieces  
I'm quick to stumble  
Pain increases  
Ohh, there's a hole  
That lingers deep inside my body  
I fall too fast, no one can stop me  
No
