I've heard so many words
But I have no courage
Now we're saying goodbye
Don't want to miss you tonight
Oh, tell me it's not over now
I can change your mind somehow
I, I give it all
I trip and fall for you
And I hope you wouldn't mind
Just one more try for something new
I need you, I need you
Don't be shocked if I cry
You've changed me inside
I turned my back on you
You were the only reason I pulled through
I pulled through
Tell me it's not over now
I can change your mind somehow
My head feels so heavy
My heart is so empty
I, I give it all
I trip and fall
I trip and fall
I trip and fall
I, I give it all
I trip and fall for you
And I hope you wouldn't mind
Just one more try
Just one more try for something new
I need you
I need you
