La la la la la la la la la love life. What's that?
La la la la la la la la la love life. What's that?

Hush now. Quiet down.
Can you hear my heart racing?
Falling to my knees cuz I've been chasing
A lie (a lie) love life
I don't know what I was thinking
Dipped my toes in now I'm sinking.
Guess it hurts a bit, but I'm over it now.

Heartaches and mistakes
How many hits can a good girl take?
I'm tired of hurting, slowly learning.
Irate, you too late
Look at the mess that you've created
First date, to slight hate
Love life, what's that?

La la la la la la la la la love life. What's that?
La la la la la la la la la love life. What's that?

I tried, yes I've tried
But it takes two to make it
I'm obsessed and you can't fake it
Denied (denied) deep inside
I wanna break your heart too
Lead you on and up to drop you
I guess it hurts a bit, but I'm over it now.

Heartaches and mistakes
How many hits can a good girl take?
I'm tired of hurting, slowly learning.
Irate, you too late
Look at the mess that you've created
First date, to slight hate
Love life, what's that?

La la la la la la la la la love life. What's that?
La la la la la la la la la love life. What's that?

Gray clouds above me

Lied when you said you loved me
Winds blowing me away
But part of me will always stay

Eyes closed, arms wide
Embrace the storm that I feel inside
No more crying, no more crying

I don't mind a drop or two
But God I love that sound, sound
Thunder of my inner chaos
Slowly calm me down, down

I look up in the sky
No longer seeing you
Look up in the sky
And see the sun coming through

La la la la la la la la la love life. What's that?
La la la la la la la la la love life.

Heartaches and mistakes
How many hits can a good girl take?
I'm tired of hurting, slowly learning.
Irate, you too late
Look at the mess that you've created
First date, to slight hate
Love life, what's that?

La la la la la la la la la love life. What's that?
La la la la la la la la la love life. What's that?
