I never thought I'd find the hands to hold my heart  
Whaddya know? We'll skip to the good part  
Where we are here and now  
What's to come, butterflies  
I hope these words will give you something to hold onto

I give you my love, I give you my heart  
Let's skip to the good part  
I do and a kiss and forever starts  
Let's skip to the good part,  
I'm so ready, o-oh, I'm so ready, I'm so ready  
Let's skip to the good part

With a kiss, the eyes have gotten everyone say this  
"you're my all", cliches I thought  
I fall so hard so fast  
Based on my past, first love and last  
Ring slips on, my eyes are on you

I give you my love, I give you my heart  
Let's skip to the good part  
I do and a kiss and forever starts  
Let's skip to the good part,  
I'm so ready, o-oh, I'm so ready, I'm so ready  
Let's skip to the good part  
Let's skip to the good part

It hurt when my heart was broken for the first time  
Crush so hard kinda shocked that I'm alright  
Made you mine now it's time to realize  
That I'm never going back, no I'm never going back  
To the girl that lacked faith in romance  
I'm done let's dance  
Keep it up- take a chance  
I'm yours  
I'm all yours

I give you my love, I give you my heart  
Let's skip to the good part  
I do and a kiss and forever starts  
Let's skip to the good part,  
I'm so ready, o-oh, I'm so ready, I'm so ready

Let's skip to the good part

Take my hand and lets get away from this place  
Your face is the only thing that I need to be truly happy

Take my hand and lets get away from this place  
Your face is the only thing that I need to be truly happy

Take my hand and lets get away from this place  
Your face is the only thing that I need to be truly happy

I'm so ready  
I'm so ready
