

He Who Never "Morning"

Will you promise
To listen to my words,
If only for a minute?
'Cause you are in
Every single breath,
And every word that's in this.

I know I lost
Before I even fought,
And in it, I am haunted.
And all that's left
Are pieces of the truth,
But that's all I ever wanted.

You are such a light in my life;
In the morning, let your light shine on.

This is all
That I will ever have
To give to you that you could ever want.
So when you're lost
And burning in the dark,
Let my life assure that you are not.

You are such a light in my life;
In the morning, let your light shine on.

Don't leave me,
But don't come back either.
Don't leave me,
But don't come back either.
