Everybody knows you're a liar, why don't I?
I just heard about your lovin' on the side
You're telling tall tales, girl, spinning webs too big to
climb
Everybody knows you're a liar, why don't I?

I always knew you were a
I always knew you were a
I always knew you were a fraud

You, you, you're lying through your teeth
You're not at all, not at all what you seem
You're lying through your teeth
You're not at all, not at all what you seem

Girl your love's so cheap, we've been passing you
around
There's cheating on you lips and you've been the talk
of my town
Fix your mask girl, it's crooked on the side
And everybody know you're a liar, what don't I?

I always knew you were a
I always knew you were a
I always knew you were a fraud

You, you, you're lying through your teeth
You're not at all, not at all what you seem
You're lying through your teeth
You're not at all, not at all what you seem

Everybody knows you're a liar, why don't I?
I just heard about your lovin' on the side
Fix your mask girl, it's crooked and I'm fine
Everybody know you're a liar, what don't I?

I always knew you were a
I always knew you were a
I always knew you were a fraud

You, you, you're lying through your teeth
You're not at all, not at all what you seem

You're lying through your teeth
You're not at all, not at all what you seem

You're lying through your teeth
You're not at all, not at all what you seem
You're lying through your teeth
