I needed just a hit, one hit,
it's a very little hit i'm sure you won't like it
I needed to be hurt one hit would send my flying

I got away with murder last night in the parking lot,
In cold blood i have murdered parts of us that we
forgot

I walked into a kiss, one kiss
From a very lovely Miss who lives to fulfil my wish
I needed to be hurt one kiss would send me flying

I got away with murder last night in the parking lot,
In cold blood i have murdered parts of us that we
forgot

I will be goin' nowhere,
I will be goin' nowhere
I will be going nowhere, nowhere fast
I will be going no,
I will be going no,
I will be going no,
I will be going no,
I will be going nowhere, nowhere fast

I had to write a hit, one hit

It's a very little hit i'm sure you won't like it
I needed to be hurt one hit would send my flying

I got away with murder last night in the parking lot
In cold blood I have murdered parts of us that we
forgot
And in the end I grant you
A farewell and final kiss
I got away with murder, who's the next to make the list

I will be goin' nowhere,
I will be goin' nowhere
I will be going nowhere, nowhere fast
I will be going no,
I will be going no,

I will be going no,
I will be going no,
I will be going nowhere, nowhere fast
