you scream louder than fiction
and you get down on your knees
and tear open your heart
so i can love you and your disease

you lick the hand that feeds you
and kiss the blade that cuts
i wanna touch you when your gods hands
when your praying bites the dust

please please please please please please please
please
let me anoint the lust inside you
please please please please please please please
please
let me devalue whats inside you

hollywood
at night
hanging around
if this is a must
then dying is a must right now
hollywood
at night
hanging around
if this is a must
then dying is a must right now

and ill deny you
fact or fiction, fact or fiction, fact or fiction
its a mission to servive
and learn to want you
when i hate, when i hate
whats all inside

please please please please please please please
please
let me anoint the lust inside you
please please please please please please please
please
let me devalue whats inside you

hollywood

hanging around
if this is a must
then dying is a must right now
