She walks like a fox, a door full of locks  
And when she stands, you know it  
Red silk sash, a man with a stash  
Or whoever supports it  
Feel free to look at me  
She says with a smile  
But pay if you plan to stay  
So I can keep you on file  
But pay if you plan to stay  
So I can keep you on file

Sister Sister  
What did you do to me  
Sister Sister  
Mama sure would hate to see  
Sister Sister  
What did you do to me  
Sister Sister  
Oh Sister Sister

Plastic face, fancy black lace  
And she wears it with glory  
A care free child, a kiss, a smile  
And she'll make it into a story  
One night lover mostly under the covers  
As she sweats it out for money  
She'll fake her way so you can play  
And then call you honey  
She'll fake her way so you can play  
And then call you honey

Chorus

Tight blue jeans and real bad scenes  
And eyes red with fire  
Bein' good in bed must of went to her head  
Cause she's out there for hire  
Simple ways and bright red shades  
Dressed fit to kill  
Quiet zippers, all night rippers  
Tellin' her to lie still

Quiet zippers, all night rippers  
Tellin' her to lie still

Chorus

Sister Sister
