Out of the blue, I ran into you
Touchin' my head, you took command
Of all my dreams, your lovin' schemes
You captured my heart and that was the start

Out of the blue, I fell in love with you
Now you tell me that you love me true
Your love has taken me out of the blue

You made me see oh so clearly
Just you and me eternally
I hope we can stay together this way
'Cause it just isn't right to argue and fight
All of this time, just yours and mine
Runnin' this race, there's no time to waste

Out of the blue, I fell in love with you
Now you tell me that you love me true
Your love has taken me out of the blue

Out of the blue, I fell for you, oh
Somehow I knew for me it was you
Now every night your love is so right
I think it's wine, makes me feel fine
When you touch me, you set me free

Out of the blue, I fell in love with you
Now you tell me that you love me true
Your love has taken me out of the blue

Out of the blue
Out of the blue
I love you
