Gazing thru the sands of time and wondering if you'll
be mine
A glimpse of future days I cannot see
Shining like a morning star exquisite jewel I see afar
Aloft in heaven's heights so far from me

Sands of time won't you give some sign to let me know
if it's me
For the days have passed and I've come at last to really
see
That the sands of time have just left me blind to future
dreams that I see
Must I fade away into yesterday, never set free

1. Watching as the days go by, the fall is gone and
winter nigh
The nights are cold and lonely without you
Shining like a morning star exquisite jewel I see afar
Aloft in heaven's height so far from me

Chorus

Gazing thru the sands of time, I'm wondering if you'll
be mine
A glimpse of future days I cannot see

Shining like a morning star, exquisite jewel I see afar
Aloft in heaven's height so far from me

Repeat 1

Chorus

That the sands of time have just left me blind
To future dreams that I see
Must I fade away into yesterday
Never set free
