(It's the Streamlined Cannonball)

A long steel rail a short crosstie I'm on my way back
home

I'm on a train the king of them all the Streamlined
Cannonball

She moves along like a cannonball like a star in its
heavenly flight

This lonesome sound from the whistle you love as she
travels through the night

Her headlight gleams out in the night her firebox flash
you see

The blinds I ride the lights that I love it's home sweet
home to me

She moves along like a cannonball...
