Could you be my holy ghost  
My special bitches brew  
Or are you just a phantom power  
My deck of cards will do  
Birds shit high and birds shit low  
That's just what they will do  
By the look of things  
And the hymns you sing  
A cassock kiss got you

I never read the bible, the torah or koran  
Don't give me your disciples  
Or any of your plans

Deserts come and deserts go  
That's just what they will do

There is no plan no guiding hand  
No-one to wash our zoo  
Chemistry, biology  
Has pushed us pulled us through  
And precision's just coincidence  
I disagree with you

I never read the bible, the torah or koran  
Don't give me your disciples  
I'll do the best i can  
I never read the bible, the torah or koran  
Don't give me your disciples  
Or any of your plans
