Hostility- envy and rage  
Negating life cancer spreading, eating away  
Insanity- we are what we think  
We sin against ourselves. The penalty we will reap.  
Isolation- building the wall  
Insidious, emotional, and spiritual fall  
Self Obsession- it really stinks  
Smelling bad to everyone but the deceived  
Separation, Alienation -Healthy Specimen  
Indignation, Deterioration - Healthy Specimen  
Isolation, Dark Depression- Healthy Specimen  
Healthy Specimen! (4x)

Matt 23:27-28
