Visit "[Pride Disease](#)" on MotoLyrics.com

It is on my throne, I am in control, I idolize my feeble
mind,
My knowledge saves my soul, I prepared my way,
I know what to say, I make myself my own God, I'm lord
of my domain.
The gruel of pride boils in my mind, I feed myself on
pride I thrive
I'm not a humble person, I left that thing behind,
If your looking for the old me, a corpse is what you'll
find
He took a pill of cyanide refusing to believe, God has
got a better plan,
I've got pride disease, God give me some peace of
mind,
My sights been blurred, destroyed by pride,
Control to save my sanity, I must relieve this sick
diseaseâ€¦pride
God's Right, I'm Wrong
God give me some peace of mind my sights been
blurred destroyed by pride,
Control to save my sanity, I must relieve this sick
disease

DESTROY MY PRIDE!
DESTROY MY PRIDE!
DESTROY MY PRIDE!
DESTROY MY PRIDE!
