Terrified this is the end
You ask me why must we all die?
We all must die
And was your life meaningless?
Unless you live for Jesus Christ
Your life is a lie!!

Why must you live in fear of immortality?
Why must you live in fear of death?
Why do you carry on ignorant of what's beyond?
Why are you afraid to die?

For me to live is Jesus but to die is to gain
You say I've lost my minds screaming "I'm insane"
But do you believe this life is all there can be?
To live and die no hope no love for eternity
For me to live is Jesus but to die is to gain
You say I've lost my minds screaming "I'm insane"
Another game
More of the same
Another person gone insane
Why should we ever dream of living on

True hope of love for broken souls
So lost and scared out in the cold
He'll never leave you hopeless all alone
His love is free for all who seek
Forgiveness joy and just some peace
If you want some truth open up your heart

Why are you afraid to die?

Phil 1:21
