I know what your doing I know what your using tonight  
I know how you like it  
I know you can fight it  
Keep you up til morning light

Energy is rising, everybodys flying tonight  
The music makes it groove you  
The night it makes it move you  
The time it makes it feel alright

Dont it make ya  
(Dont it make you feel like dancing)  
Dont it make you feel  
(Dont it make you feel alright)  
Dont it make you feel alright  
(Dont it make you feel like dancing)  
Dancing  
(Dont it make you feel alright)  
Feel alright  
(Dont it make you feel like dancing)  
Dont it make you feel  
(Dont it make you feel alright)  
Ah ha yeah  
(Dont it make you feel like dancing)  
Dancing  
(Dont it make you feel alright)

No you dont fight the fever  
Just get up and let it all go  
Oh I dont think Im dreaming  
Plannin' and schemin'  
You know just how far you can go  
You can feel it, if you feel it  
Trouble that you're far out of sight  
Still you keep on running  
Looking for more money  
Dancing to the speed of the night  
Gonna tell ya

(Dont it make you feel like dancing)  
(Dont it make you feel alright)  
Dont it make you feel

(Dont it make you feel like dancing)  
Dancing  
(Dont it make you feel alright)

(Dont it make you feel like dancing)  
(Dont it make you feel alright)  
(Dont it make you feel like dancing)  
(Dont it make you feel alright)

I know what your doing  
I know what your using tonight  
I know how you like it  
I know you can fight it  
Keep you up til morning light

You can feel it, I said feel it  
Everybodys flying tonight  
Still you keep on running  
Looking for more money  
Dancin  
You keep dancing every night

(Dont it make you feel like dancing)  
Dont it make you feel  
(Dont it make you feel alright)  
Dont it make you feel alright  
(Dont it make you feel like dancing)  
Dancin  
(Dont it make you feel alright)  
Feel alright  
(Dont it make you feel like dancing)  
Dancin  
(Dont it make you feel alright)  
Alright  
(Dont it make you feel like dancing)  
Dont it make you feel  
(Dont it make you feel alright)  
Alright  
(Dont it make you feel like dancing)  
(Dont it make you feel alright)  
(Dont it make you feel like dancing)  
(Dont it make you feel alright)

Dont it, Dont it!
