Give me one good reason why,
you shouldnt let the rope around your neck and die,
take a good look at your life,
then slit your wrist with that knife,
where you lie awake and open,
i hope you wish, that you were dead,
start walking closer to the bridge,
i just want you to,

START JUMPING NOW (x2)

you find your face down to the ground,
smack oh what an awfull sound,
you try to stand up, fuck up, suck up,
just shut the fuck up,
dont try to talk,
just turn around and walk,
start walking closer to the bridge,
i just want you to,

START JUMPING NOW! (x2)

Chorus: (x2)

i dont want you here,
walk closer to the edge now,
i dont need you here,
why dont you jump the bridge now?

i dont need everybody,

just that special somebody,
why dont want you to take your life,
I just throw my father to use the knife,
that fucker is close to the edge,
oh boy we will jump off the wedge
start walking closer to the bridge,
i just want you to,

START JUMPING NOW! (x2)

Chorus: (x2)

i dont want you here,
walk closer to the edge now,
i dont need you here,
why dont you jump the bridge now?

OOOOOOOOOOH JUMP!
JUMP THE BRIDGE!
JUMP THE BRIDGE!
JUMP THE BRIDGE!
JUMP THE BRIDGE!

Chorus: (x2)

i dont want you here,
walk closer to the edge now,
i dont need you here,
why dont you jump the bridge now?

JUMP THE BRIDGE!
JUMP THE BRIDGE!
JUMP THE BRIDGE!
JUMP THE BRIDGE!
