It's like every time I think about it
Your distress and I go on
In two sentences I can't say no
And before my eyes I won't let go

Cause I'm hidden here with you
Thinking about another way through
This mess that only makes me sad
But it won't let go so here I am

Five times I said to you
no more of this just STEP BACK
And the next time I beg you just STEP BACK
Five times I said to you
no more of this just STEP BACK
And I beg you why don't you just STEP BACK
STEP BACK [x3]

And now it's time for me to say
This is not the way I want it
But instead I'll keep my silence
And hoping that you will come through

For this ache I cannot bare
It's gone to far this I swear
So please come to me
Touch me and set me free

Five times I said to you
no more of this just STEP BACK

And the next time I beg you just STEP BACK
Five times I said to you
no more of this just STEP BACK
And I beg you why don't you just STEP BACK
STEP BACK [x3]

Like a sickness in my veins
I see your thoughts in me
And life begins so sweet now, sweet to me
Sweet to me

Step back before I lock you up
Step back before I beat you up
Step back before I blow you up
Step back before I SMACK you up
Step back before I lock you up
Step back before I beat you up
Step back before I blow you up
Step back - step back - step back
Step back before I lock you up
Step back before I beat you up
Step back before I blow you up
Step back - step back - step back

Like a sickness in my veins
I see your thoughts in me
And life begins so sweet now, sweet to me
