The voice inside my head says  
Take it slow  
Easy come, easy go  
Watch the worlds flow

I hear voices loud and clear  
Take what's yours  
Temptations got a hold of me  
And I hear them say

Everything good is bad  
Everything bad is good  
Everything good is bad  
And everything bad is good

Take a trip, you'll lose yourself  
Watch the world breath  
Heart is racing, minds pounding  
Let me sit down because I'm comin' up

Every light is a heavy ride  
A new day dawns  
The voices, I hear the voices keep sayin'  
Keep tellin' me that, keep tellin' me

Everything good is bad  
Everything bad is good  
Everything good is bad  
And everything bad is good

The voices inside my head says  
Losin' all control  
Now who am I and where are you?  
I'm climbing walls

Melting colors I cannot speak  
Can I face another day?  
Temptations got a hold of me  
And I hear them say

Everything good is bad  
Everything bad is good

Everything good is bad  
Everything bad is good
