High as kite  
lighter than light  
you sit up there  
with nothing to loose  
taken it in  
refusin to move  
but I need to know

Who stays who goes  
don't you know I can't let go  
there's no place like home  
don't you know I can't let go  
Time and again  
I shake the fence  
when will you know  
take it or leave it  
when you come down  
I'll start to believe it's  
time to decide  
Who stays who goes  
don't you know I can't let go  
there's no place like home  
don't you know I can't let go
