Betrayed by apathy most every day
with grey skies time and time again
the colour drains the darkest shadows pale
my eyes cloud over once again
a simple answer that I've never found
some peace of mind to have or hold
a simple answer is it ever found
and do we really want to know
it's just a troubled soul

And as I pace across my bedroom floor
I have a thought I feel a pain
but that's forgotten in a moment
my eyes cloud once again
the skies cloud once again
a simple answer that I've never found
some peace of mind to have or hold
a simple answer is it ever found
and do we really want to know
it's just a troubled soul

winter in a troubled soul
Betrayed by apathy most every day
with grey skies time and time again
but I won't breathe a word for of rain
my eyes cloud once again
the skies cloud once again

S'ENVOLER

Dans la nuit
argente de l'été
je laisserai
une étoile filer
nous aurons l'éternité des temps à contempler
l'univers pour nous envoler
Timeless space
endless night
happiness and we will fly
you and I
Et mon âme
loin du feu loin des flammes
flottera doucement
dans les cieux
nous aurons l'éternité des temps à contempler
l'univers pour nous envoler

Timeless space
endless night
happiness and we will fly
you and I
