### "Leave The Past Behind"

Visit "[Leave The Past Behind](#)" on MotoLyrics.com

Four walls are closing in  
Theres no way out  
This time I cannot win  
There aint no doubt

We should improve our minds  
And leave the past behind

Domination of the past  
Just set me free  
How long will it last?  
Renewal in me

This is the price we pay  
If we dont change our way  
And face another day

Frustration once again  
Im feeling low  
Another day, another sin  
Where do we go?

We should improve our minds  
And leave the past behind  
To start a better life  
One more time
