[Hesekiel 25/17]

I had a vision in a dream  
The prophecy  
The past becomes our destiny

The dark side is our guiding light beyond belief  
Gods armys near  
They come to strike

Look back in time and history of war and pain  
The same mistakes are all I see

Mankind will pay for all its sins on judgement day  
Here at the point of no return

A dark age  
A black fate  
Damned for all time  
Down we go  
Sure to stay  
At the end of the line
