

Headstrong "A Tribute"

Visit "[A Tribute](#)" on MotoLyrics.com

was it all lies?
was it the truth?
was it something i did?
or maybe it was you
i sing from the heart,
without you here,
im in hell

(chorus)

this song is a tribute to you,
youve messed with my heart, my mind, my soul
its tearin me up,
made me break down,
this is my tribute to you

endless nights, up in my bed
thoughts of you, runnin through my head
its painful for me,
maybe for you,
but all that aside,

(chorus)

this is a tribute to you,
for all of the hell ive been through,
youve messed with my mind, my heart and my soul,
its tearin me up, made me break down,
this song is my tribute to you.
