"Darkness"

An empty void in space
Against the human race
You decided to alienate my mind
You tried to make me believe what you do
Darkness is my mind
Whenever the thought of you is in my head
Darkness is your heart
Darkness is your soul
Its black as space
Empty
Blank

Dont fuck with my mind
Cause im sick of your bullshit games!
Darkness takes over your life
Everything fades ... to ... black!

Darkness sets into your life
You lost it all
I gained spirit
You trip and you fall
But when you try to fuck with the man,
Understand
You will always lose
And I will always be the man

Darkness falls
Over you, drives you crazy!
Cause your hiding in the darkness
Noone there beside you!
Not many people care,
Not even I do!
Bitch you gotta learn,
Dont fuck with the man
Youll get your ass kicked again and again

An empty void in space
Against the human race
You decided to alienate my mind
You tried to make me believe what you do
Darkness is my mind!

When I think of you,
Darkness is your soul
For all the things you do!
Welcome to the darkness
Welcome to my mind
Paranoia sets in deep within
The darkness messes with your mind
Dont let it fool you
If you can help it...

Dont get lost in the darkness!!
As it
Fades!
To!
Black.
