If you wanted me to stay
Why'd you let me leave anyway
Back and forth and around we go

I was yours and you were mine
My intentions were pure and fine
I just wanted to let you know
You to know

Don't you know you've got nothing to say
Don't you know you've got nothing to talk about
When I'm not around

Shame on me if you fool me twice
My obsession was purified
I just wanted to let you go

And I'm still by your side
I'm just dying to be alive
I just wanted to let you know
You to know, oh, oh, oh

Don't you know you've got nothing to say
Don't you know you've got nothing to talk about
When I'm not around

Don't you know you've got nothing to say
Don't you know you've got nothing to talk about
When I'm not around

Don't you know you've got nothing to say
Don't you know you've got nothing to talk about
When I'm not around

Don't you know you've got nothing to say
Don't you know you've got nothing to talk about
When I'm not around
