Well she's got to be a 20
on a scale of 10
Walking on an edge
That's razor thin
One in a million
From her head to her toes
A hole in her heart
As the next man's money goes
CHORUS
She's a cruel little number
Wild little weed
Momma's little princess
Daddy's bad seed
Mind of a maniac
She's breaking all the rules
Cruel little number
Why do you have to be so cruel

She ain't tight with the ladies
She don't kiss and tell
She want a black Mercedes
500 SEL
She knows the scent of a dollar
Don't want a check in the mail
She blew the price of love
Right off the end of the scale
CHORUS
Her heart can't be broken
Cause it's stainless steel
You can beg, you can bargain
But she's never going to cut you a deal
CHORUS
