Forgive me I can't stay here anymore
I'm leaving with the tide
This evening another breeze blew round my door and
stirred me up inside
I'm breaking out of this tired old spell
I braved it out long and so well
And the phoenix flies straight and high back to avalon
Now I'm on my way back where I belong, gonna go
down with the sun
Back to avalon

Where I'm going all my demons disappear
I'm leaving them behind
I'm traveling way up on the atmosphere cause I made
up my mind.
Gonna find my love
Gonna find my life, gonna look them so deep in the eye
And the phoenix flies straight and high back to avalon
Now I'm on my way back where I belong
Gonna go down with the sun
Back to avalon

Nobody knows what's inside my head or down this road
Oh I know I'm going home
And the phoenix flies straight and high back to avalon
Now I'm on my way back where I belong
Gonna go down with the sun
And the phoenix flies straight and high back to avalon
Now I'm on my way back where I belong
Gonna go down with the sun, back to avalon.
