It's got to be you reading my letter  
Not your hired hand  
I don't know how to say it no better  
I love you and the band

Never heard rockin' like you could  
Howling like you can  
It gets me thinking of johnny b. goode  
But you know you ain't no man

When I heard you play I knew your  
Name should be changed  
We're all dog panicked and you are to blame  
Everybody ought to call you  
Bebe le strange  
You look so insane  
We gave you a name  
Bebe le strange

I wish I knew what you're really like  
A touch so shy and fine  
But the way you move with that guitar  
Just gives me other signs

Here's my number give me a sign  
Call me back if this gets through  
Bebe, bebe, bebe, bebe  
I'd never say no to you

When I heard your song I knew your  
Name should be changed  
Everybody ought to call you  
Bebe le strange  
Under my skin you've got my mind  
Rearranged  
You're so insane  
Bebe's so strange  
Bebe le strange
