(Wilson/Wilson/Knight/Hammond)

When the night has come

And I'm all alone

And I have some time to breath

So much damage done

I guess nobody won

Is it to late to make you see

I love you

Oh darling

Yes I really do

I love you

Oh darling

Yes I really do

I know very well

How it got this way

I was drifting on my cloud

There isn't much to tell

Except you've gone away

And darling now I'm reaching out

I love you

Let me show you

How I really do

I love you

Oh darling

You gotta know it's true

I wish that I had you now

The way that I had you then

Darling, I'd take you and hold you and kiss you

Over and over again

Oooh

Oooh oooh oooh oooh oooh

Umm umm umm umm umm

Oooh oooh oooh

Maybe we can try

To get back to that place

When passion made us wild

No more alibis

Standing face to face

You will see it in my eyes

I love you - oh my darling

You should know it's true

I love you
Oh let me tell you
How much I really do
Oh darling
You know I really do
Oh darling
Yes I really do
