Caught you in the act - can't put up with that
Messing where you shouldn't be
I wanna hear you say you're sorry
Cause nobody takes advantage of me

You're messin'with my heart - shooting in the dark
And pulling the wool over my eyes
Baby don't you push me further
It's gonna hurt you if it happens twice

If looks could kill
You'd be lying on the floor
You'd be begging me please please
Baby don't hurt me no more
If looks could kill
You'd be reeling from the pain
And you'd never lie again
If looks could kill

You're living on the edge - hanging by a thread
I'm watching every move you make
You don't want to see my anger
So don't you make another mistake

Love is on the line - I ain't about to be kind
That's a promise and a threat
If I was you I'd really cool it
Or risk a night you'll never forget

If looks could kill
You'd be lying on the floor
You'd be begging me please please
Darlin don't hurt me no more
If looks could kill
You'd be reeling from the pain
And you'd never lie again
If looks could kill

I was a fool to believe in you
A sucker for every line
I'm a little less blind

Than I was before
I can see right through your design

If looks could kill
You'd be lying on the floor
You'd be begging me please please
Baby don't hurt me no more
If looks could kill
You'd be reeling from the pain
And you'd never lie again
If looks could kill
You'd be lying on the floor

You'd be begging me please please
Baby don't hurt me no more
If looks could kill
You'd be reeling from the pain
And you'd never lie again
If looks could kill
If looks could kill
