Having fun getting sun moving on  
That seemed to be the thing for me  
Single and so happy  
Hit the town getting down play around  
That's all I wanted to do until I saw you

You came along and proved me wrong  
Shattered every dream I knew  
I'm so glad I found you

Chorus  
Suddenly I can see I never knew love before  
And it changes everything  
And it's so exciting  
Suddenly I can see I never knew love before  
Cos it took a hold of me  
Out of nowhere suddenly

Suddenly... Love has got a hold of me

Be a tease a tease hold the keys love and leave  
I thought that I was in control  
But I'm captured body and soul  
Don't you see you and me destiny  
I thought I've been in love before  
But there is so much more

You came along you were the one  
Boy it's like a dream come true  
I'm so glad I found you

Chorus  
Suddenly I can see I never knew love before  
And it changes everything  
And it's so exciting  
Suddenly I can see I never knew love before  
Cos it took a hold of me  
Out of nowhere suddenly

Suddenly... Love has got a hold of me

Suddenly out of the blue  
You came along like a dream come true  
I wasn't looking but you came to find me  
Heavenly angel there to guide me  
Try as I may I couldn't go wrong  
Cos you were waiting there all along  
We had a bond a genuine connection  
Cos destiny is the only direction
