I can see the beginning
And i don't see the end
Wanna hold you and never let go oh no

For as long as we're giving
And we never pretend
I believe in the future untold

We'll be stronger together
Than we would be apart
I can feel you inside my heart

Every day every night
Fill my shadows with light
When i feel all alone
Your heart is my home
Every night every day
You'll show me the way
Show me the way to your
Show me the way to your love

Baby now that i've found you
Realise i was lost
Didn't know love could treat me this way yeah

Baby what it comes down to
When it matters the most
Is the in every day

We can sink to the bottom
We can climb to the top
Coz together we'll never give up

Every day every night
Fill my shadows with light
When i feel all alone
Your heart is my home
Your heart is my home
Every night every day
You'll show me the way to
Show me the show me the way way to your love

Doesn't matter if you're far away
Got each other and that's all i ever need to know
Someone to call my own
We'll be together finally
We're meant to be yeah yeah

Every day every every night night
Fill my shadows shadows with light
Every night every day yeah yeah every day
Show me the way to your every day
Every day every night
Fill my shadows with light
When i feel all alone
Your heart is my home
Your heart is my home
Every night every day
You'll show me the way to
Show me the show me the way way to your love
Show me the way to your love
