Boy I thought that I was trippin' when I asked you to
stay
But now I know I was just crazy to let you treat me that
way
I put you first in my life, you brought the worst to my
life
And I'm tired of playing games with you just like a child
You had every opportunity to give me your smile
I can't do this no more
And how you broke me before
I just can't be around you and let you hurt me anymore
Everytime I'm around you I let down my guard
So when I come around you I cover my heart
If I let you in again you'd only tear me apart
I don't want to do it again, I don't want to love you
again
Can't be around you (Around you, around you)
How can I consider taking you back again?

I put you first in my life, you brought the worst to my
life
And I'm tired of playing games with you just like a child

You had every opportunity to give me your smile
I can't see you no more, already tried that before
I just can't be around you, boy I'm closing the door
Everytime I'm around you I let down my guard
So when I come around you I cover my heart
If I let you in again you'd only tear me apart
I don't want to do it again, I don't want to love you
again
Can't be around you (Around you, around you)
Anything you need me I was there for you
There was nothing I would not do
How could you leave me standing all alone?
Knowing I could not do this on my own
I can't do this no more, already tried that before
I just want be around you and let you hurt me anymore
Everytime I'm around you, I let down my guard
So when I come around you, I cover my heart
If I let you in again you'd only tear my heart a
