There are times in your life  
They take you by surprise  
You and I, I know we can talk about it  
You're important to me  
Like the air that I breathe  
You and me, I know we can talk about it

When my conscience comes undone  
I unfold and morning comes

I know you're my friend  
Hold on and transcend  
I know anything is possible  
I don't ask for much  
Just show who you are  
And I'll know anything is possible

There's a shadow of doubt  
Turning you inside out  
What you reveal can make you so strong  
Tell me where is the proof?  
Does it lie in the truth?  
I believe we can be anyone

When my conscience comes undone  
I awake and morning comes

I know you're my friend  
Hold on and transcend  
I know anything is possible  
I don't ask for much  
Just show who you are  
I know anything is possible

I wanna know all about you  
I wanna know all about you  
I wanna love you  
I wanna know all about you  
I wanna know all about you  
I wanna feel you

I know you're my friend

Hold on and transcend  
I know anything is possible  
I don't ask for much  
Just show who you are  
I'll know anything is possible

I'll know anything is possible

Let me know what you want  
Let me know what you need  
If you hold on to him  
You can do anything, baby

I wanna know all about you  
I wanna know all about you  
I wanna know all about you
