There are times in your life they take you by surprise
You and I, I know we can talk about it
You're important to me, like the air that I breathe
You and me, I know we can talk about it

When my conscience comes undone
I unfold and morning comes

I know you're my friend
hold on and transcend
I know anything is possible
I don't ask for much
just show who you are
and I'll know anything is possible

There's a shadow of doubt turning you inside out
What you reveal can make you so strong, yeah
Tell me where is the proof, does it lie in the truth
I believe we can be anyone

When my conscience comes undone
I awake and morning comes

I know you're my friend
hold on and transcend
I know anything is possible
I don't ask for much
Just show who are
I'll know anything is possible

oh yeah

I wanna know all about you
I wanna know all about you
I wanna know you

Chorusx1

Let me know what you want
Let me know what you need
If you hold out your hand

you can be anything baby

anything, anything is possible
