Hey, hey baby said the way you move, gonna make you sweat, gonna make you sweat, gonna make you groove. Ah-Ah child, when you shake that thing, gonna make you burn, gonna make you sting. Hey, hey baby when you walk that way, watch honey drip, can't keep away.

I've gotta roll, can't stand still. Got a flamin heart, can't get my fill. Eyes that shine, burnin red, dreams of you all through my head.

It took so long, but I found out, what people mean by down and out. You spend my money, took my cars, started to tell your friends you wanted to be a star. I don't know, but I've been told, a big legged ain't got no soul.

All I ask for, all I pray, a lovely little woman gonna come your way. Don't you need a woman gonna hold your hand, tell you no lies make you a happy man.
