Don't try to tell me the world is changing
Heart's getting stupid, now that is a strange thing
I got a heartbeat, I feel the heat rise, I got no
questions, I got no alibis
Love; don't know the difference
Sands and mountains are insignificant
Now don't try to tell me love is dead, it is your
body, now it is your head
I can't stop crying, I can't stop screaming, I
can't stop talking, I can't stop dreaming
Love is pleasure, love is pain
Sweet, sweet summer and bitter rain
I gotta have it, I gotta use it, I gotta own it, never lose it
Oh oh, whoa whoa, I'm just a fanatic
Yeh
Love, love is pleasure, love is pain
Sweet, sweet summer and bitter rain
I gotta have it, I gotta use it, I gotta own, never lose it
I gotta use it, I gotta have it, I feel the heat rise
Love love love
Yeah
Oh, whoa whoaa whoaaa
I'm just a fanatic

I'm just a fanatic
Yeah, now I gotta have it
Uh, I'm ah just a fanatic
I gotta chose it, now now now, just a, just a fanatic
Ooooo, mmm mmm, love love love
Just a fanatic
