

Heart "Perfect Goodbye"

Do you see me? Do I see you?
And all the footprints we left in this room
A smile in the hall framed on the wall
Do we say words that rise and fall like circles of blue?

Shoes on the floor, they're intertwined
Just like the touch we left behind
Walk through the door and say no more
Say no more easy alibis to put out the fire

It's the perfect goodbye
No time, no tell, as from your lips the words that never
fell
It's a simple farewell
No fight, no flight, no live, no die, no me, no cry, cry,
cry, cry
No me, no cry

The perfect goodbye
Hang up the phone, I should have known
Better alone than killing time with fake valentines

It's the perfect goodbye
No time, no tell, as from your lips the words that never
fell
It's a simple farewell
No fight, no flight, no, no live, no die no me no cry, cry,
cry, cry
No me, no cry

I'll see you sometime once in a while
No partners in crime, just a face in the file
I'll see you sometime once in a while
Because he see no one

See you from time to time once in a while
On down the line

It's the perfect goodbye
No time, no tell, as from your lips the words that never
fell
It's a simple farewell

No fight, no flight, no live, no die no me no cry, cry,
cry, cry, cry, cry, cry
The perfect goodbye
