Hey, you know there's a girl  
Who's new in town  
But you better watch out now  
Cuz she'll put you down  
She's an evil bitch  
And she's a witch

She's got a long, black hair  
And a big black car  
I know what you're thinkin'  
But you won't get far  
She's gonna make you itch  
Cuz she's a witch

Now you know the score  
Cuz I set you straight  
You better be careful  
Before it's too late  
She's gonna do you in  
Cuz she's a witch

She walks around  
late at night  
When most other people  
Sleep in tight  
And if you hear her knocking  
On your door  
You better say get away  
Get away, get away, get away, get way

Now you know the score  
Cuz I set you straight  
You better be careful  
Before it's too late  
She's gonna do you in  
Yes she's a witch
