If you love me, Like you tell me
Please be careful with my heart
You can take it, Just don't break it
Or my world will fall apart

You are my first romance (First romance)
And I'm willing to (I;m willing to take a chance) take a
chance
That till life is through
I'll still be loving you (I'll still be loving you)

I will be true to you (I will be true to you)
Just a promise from you (And yes I promise you)will do
From the very start
Please be careful with my heart (I will and I promis you)

I love you and you know I do
There'll be no one else for me
Promise I'll be always true
For the world and all to see

Love has hurt, Some lies softly spoken
And I have had my heart badly broken
I've been burned and I've been hurt before
So I know just how you (I know how) feel
Trust my love is real (Is real) for you (Your love for me
is real)
I'll be gentle with your heart (And baby)
I'll caress it like the morning dew
I'll be right beside you forever (Forever)
I wont let our world fall apart
From the very start
I'll be careful with your heart

You are my first (And you are my last) romance
And I'm willing to take (I'm willing to take a chance) a
chance
That till life is through
I'll still be loving you
I will be true (I will be true) to you
Just a promise from you (And yes I promise you) will do

From the very start (From the very start)
From the very start (From the very start)
From the very start
Please be careful with (I'll be careful with)
My (your) heart
